

## The micro exam will be conducted using virtual slides.

- In the past, specimen examinations were performed on 30 HE slide specimens.
- Starting in 2022, virtual slides of 30 HE slide specimens will be used.
- A PC will be provided to all examinees.
- Those who do not have access to virtual slides or a PC will not be allowed to take the examination.
- English viewer software and a PC will be provided for foreign examinees.

The micro exam will be conducted using virtual slides. Please download the following software and familiarize yourself with its use.

Software: NDP.view2 Viewing software U12388-01(Hamamatsu photonics)

OS: Windows 10

This software can also be used on a Mac, but the examination will use Windows 10.
