

Call for Abstracts and Student Travel Awards

Now is the perfect time to finalize your plans to join us for the [STP 35th Annual Symposium](#) in San Diego, CA, June 26-30! An outstanding week of sessions focusing on “The Basis and Relevance of Variation in Toxicologic Responses” plus four CE courses and numerous special events has been planned by the 2016 Scientific Program Planning Committee. Please visit the 35th [Annual Symposium website](#) for the full scientific program, registration, hotel information, and more.

Abstract Submission—March 15

The deadline to submit abstracts for poster presentation at the STP 35th Annual Symposium is March 15, 2016. All meeting attendees are encouraged to submit a poster for the meeting.

Contents of the poster presentations should pertain in some way to the field of toxicologic pathology but are not limited to "classic" toxicity studies/issues technologies. Naturally occurring toxicities (including poisonous plants), in any species, as well as spontaneous and infectious diseases of species used in toxicity studies, are welcome, as are mechanistic in vitro and molecularly-oriented studies. Studies in alternative species such as fish are also encouraged.

Online abstract submission: <http://www.toxpath.org/am2016/abstracts.asp>.

Student Travel Awards—March 15

The deadline to submit nomination materials for Student Travel Awards is March 15.

Submission of a poster presentation at the Annual Meeting in the area of toxicologic pathology is required for Student Travel Award applicants.
