

## Classic Examples in Toxicologic Pathology XXIV

Seminar offered by the Hannover Graduate School for Veterinary Pathobiology,  
Neuroinfectiology, and Translational Medicine,  
and the Department of Pathology at the University of Veterinary Medicine in  
Hannover, Germany,  
and the European Society of Toxicologic Pathology  
on  
**February 03 and 04, 2017**

University of Veterinary Medicine Hannover  
Department of Pathology, Bünteweg 17, 30559 Hannover  
Friday, February 03, 2017 (1:15 PM – 6:00 PM) and  
Saturday, February 04, 2017 (8:15 AM – 1:00 PM)

The seminar will be held in English. Examples of toxicologic pathology will be presented by the following speakers and discussed by the participants, viewing slides with the induced lesions under individual microscopes or as electronic slides:

### Topics:

Glucagon-like peptide 1 agonists  
Keynote lecture: Animal models of neurodegenerative diseases  
Pyridoxine-induced sensory neuropathy  
Neurotoxicity of MK-801  
Immunoenhancers  
  
cdk8/cdk19 inhibitors  
  
Cathepsin C inhibitors  
The Zebrafish: a good model to study toxicity?  
Reverse transcriptase inhibitors  
Crystal nephropathy

### Speakers:

Kevin Keane  
Sameh Youssef  
Hironobu Yasuno  
Erio Barale-Thomas  
Silvia Guionaud &  
Jean-Martin LaPointe  
Stephanie Czasch &  
Angele Breithaupt  
Afonso da Costa  
Aswin Menke  
Klaus Weber  
Annabelle Heier

We provide handouts and 60 slide sets for 120 participants. Slides will be viewed with individual microscopes and remain at the department. All slides will be scanned. The electronic slides will be accessible for registrants approximately 2 weeks in advance of the seminar, during the seminar, and approximately 4 weeks thereafter. The slides will have a format that does not require the installation of software for examination in a standard browser (“VM SlideBrowser” will be executed). Once the electronic slides are accessible, registrants will be informed and need to use the access data received upon registration. We recommend examining the electronic slides before the seminar, as access during the seminar is limited by the performance of the University WLAN.

Please register as soon as possible, at the latest by December 31, 2016, via the ESTP homepage <http://www.eurotoxpath.org/meetings/index.php?id=classexamp2017>. The registration fee is 110 € for members, 150 € for non-members, and 50 € for students, which should be paid upon registration to the account of the ESTP in Germany (Commerzbank Loerrach, IBAN code: DE66 6834 0058 0280 9705

00; BIC code: COBADEFF683). Participation is free for students and employees of the University of Veterinary Medicine, Hannover.

We hope that you will join us for an informal get-together in the Foyer of the meeting venue on Friday evening after the end of the last session. Finger food and drinks are covered by the registration fee.
